

Brabant Devine + LF Female Cria

Devine has a 100% full Peruvian pedigree. She has given us an exceptional solid white girl (Alpha Centauri Kirren) from her previous mating to Class Act. Devine has a very even fleece which is indicated by her SD of 3.8. She is one of our best mums and is very protective of her cria. Both her offspring, Flynt and Kirren, barely have a guard hair on them. She is a proven consistent performer and worthy of serious consideration.

This is a fantastic package opportunity of Devine, her Astro sired female cria and a remating to Class Act.

Mated To Shanbrooke Society Class Act

Due Date 03 Jun 09
